Self-taught 3D artist and aspiring animator with experience in developing stylized 3D work, Photoshop, graphic design, video production, game development, and animation workflows. Passionate about learning new software and techniques while expanding my creative capabilities, with a strong interest in character-focused 3D animation and visual storytelling.

Searching for a position to help me grow and gain professional experience, willing to explore new mediums of creation to enhance my creative skills, and open to internship opportunities.

CREATIVE SKILLS

- **3D & Animation:** Blender, 3D Character Modeling, 3D Animation, Character Rigging, Materials and Texturing, Rendering, Lighting
- **Game Development:** Unreal Engine 5
- **Adobe Creative Suite:** Photoshop, Illustrator, Animate
- **Digital Art:** Vector Art, Logo Design, Digital Retouching
- **Video & Audio:** Video Production, Sound Production, Visual Storytelling
- **Design:** Graphic Design, Web Design, Typography, Color Theory, Principles of Design

CREATIVE PROJECTS

- **3D & Animation (Blender)**
 - Has developed and worked with stylized character modeling, object modeling rigging, materials and textures, lighting, and rendering.
- **Game development (Unreal Engine 5)**
 - Experience with exporting rendered 3D models and animation assets from Blender to Unreal Engine 5, and developing movement/combat systems.
- **Digital Media**
 - Developed video and sound projects using studio level production equipment and applying principles of composition, lighting, color, typography, and visual design to digital media projects.

EDUCATION:

- Graduated from Upper Merion Area High school in 2024, attended Kutztown University for one semester, currently enrolled at Montgomery County Community College
